## **PESARO IS KNOWN AS THE BIKE TOWN. IT IS A GREAT AND SAFE PLACE. DISCOVER IT WITH THIS 2 DAY PLANNED TRIP!**

Start your day with a typical Pesarese breakfast. A cappuccino and Rossini; a tomato pizza with boiled egg and mayo!

To get around the city, rent a mo-bike or scooter.

First, visit the port with the early morning fishermen market then scooter down the pier for stunning views of the Monte San Bartolo.

After which, continue down Viale Trieste to the "Pala di Pomodoro" and the famous "Ruggeri Villa".

From the Pala, continue down the Cycle lane to the seaside or head towards the historic centre.

In the centre, you will discover the story of Gioacchino Rossini, the famous opera singer. Visit his birthplace and the Rossini theatre. For a deeper insight into local history, visit "Biblioteca Oliveriana" and "I Musei Civici" at Palazzo Mosca. Pesaro's main square is Piazza del Popolo and Via Branca is the main high street.

After lunch, have a trip to Fiorenzuola beach or the other small beaches at the foot of San Bartolo.

These are fabulous places to admire the sunset. Moloco bar on the pier and la Vela are two fantastic bar/restaurant locations where you can see the sunset and enjoy excellent aperitifs.

The following day, put your trekking boots on and head to Monte San Bartolo, a stunning natural park with lots of sea view walk trails to discover. You can also visit Villa Caprile, with its water features, and Villa Imperiale.

On Monte San Bartolo, you could visit Fiorenzuola di Focara with its truly breathtaking views and for the evening, we absolutely recommend an aperitif at Mancini, a characteristic place among the vineyards with unique views of the sunset over the sea.

This itinerary is perfect for the mild seasons and summer.

During the Christmas period, visit the Christmas markets in Piazza del Popolo, with the ice skating rink. Organise a trip to Candelara to the magical candle event or to the markets of Mombaroccio..

## Getting to Pesaro

The most convenient airports for Pesaro are at Ancona, Rimini and Bologna. Pesaro is on a railway line which connects Bologna and Rimini with Ancona and there are frequent trains along this stretch of coast, making it easy to get from one sea town to another and to major cities like Bologna and Milan.

To get to Milan we recommend the direct train *Freccia Rossa*. Please download the English version of the Trenitalia App.

Different types of trains run on the route and you will need to buy the correct ticket for the type of service you are using. Regionali, regional trains, are slower but a lot cheaper than the fast Eurostar and Intercity services. The railway station is on the inland side of the city centre, about a twenty-minute walk from the shipyard.

The interior of the Marche region is very hilly and most towns are connected by buses. Pesaro is at the centre of the local bus network; many bus services leave from alongside the railway station and others from the bus station in Piazzale Matteotti. Please request our staff for a bus timetable.

Pesaro is easily navigated on foot from the shipyard. However it is very easy to use the scooter sharing services available in Pesaro by simply downloading the *Bird* app on your smartphone and creating an account.

assistance please

will be happy to
